

ELECTRIFIRE

ELECTRICALLY HEATED HOT MOBILE PRESSURE WASHER

- Internal 120 Litre Stainless Steel Immersion Tank
- 2 x Industrial Immersion Heaters
- HAWK High Pressure High Temperature Pump
- Heavy Duty Electric Motor
- Timed Shutdown
- Low Water Sensor
- Stainless Steel Cover
- Detergent Facility
- Pressure Control
- Dimensions 1470 x 880 x 600mm

TECHNICAL INFORMATION	Model	Aquawash Electrifier
	Water Flow	18kW - 11 Litres per minute 24kW – 14 Litres Per Minute
	Pressure	18kW - 150 Bar – 2200 PSI 24kW - 200 Bar – 3000 PSI
	Motor Specification	3hp – 1450rpm
	Chemical	Low Pressure
	Shutdown System	Timed Shutdown
	Temperature	30 – 80°C
	Min Amps Required	18kW – 32A With Neutral 24kW – 63A With Neutral
	Voltage	415V (3 Phase)
